PAINTING NATURE IN PASTEL PENCIL

**A comprehensive course
comprising 4 one-day workshops**

Learn to draw and paint Nature in pastel pencil
- from basic techniques to composition -

in just 4 one-day workshops to be held over 4 consecutive weeks

This course will appeal to lovers of nature who wish to gain an in-depth knowledge of the key techniques of a medium well suited to painting subjects in great detail.

Previous drawing experience helpful but not essential. Suitable for beginners, or for established painters wishing to learn a new medium.

Attendance on the "Taster" Workshops - **Animal, Vegetable or Mineral?** and/or **Fur and Feathers** - is not a pre-requisite, but anyone who has attended those workshops will benefit from a 10% discount on the cost of the 4 day course. See overleaf for details.

The topics covered during each of the 4 days will be as follows :

Day 1 The fundamentals of Pastel Pencil Drawing and Painting

Materials - pencils, grounds and tools; observation - getting to know your subject; methods of accurate subject transfer; introduction to key pastel pencil drawing techniques; experimentation.

Day 2 Exploring essential techniques in greater depth

Blending and layering; representing texture - qualities such as light/shade, hard/soft, rough/smooth; achieving a sense of depth; drawing fur, feather and animal facial features; preparing for a composition - colour selection, deciding upon content and stages of building the picture; practice.

Day 3 Step by step drawing of an animal portrait under the close guidance of the tutor

Applying a selection of the materials, tools and techniques encountered in previous days to produce an animal portrait under the step-by-step guidance of the tutor.

Day 4 Painting a full pastel pencil composition

Bringing together photographic elements of your choice, and all techniques learned, to paint your own composition facilitated by the tutor.

See overleaf for further details, and how to book

Attendees on either of the "Taster" Workshops can use their 10% off voucher for the *Painting Nature in Pastel Pencil Course* (only 1 voucher accepted per course)

Supplementary information to help you to decide if this course is for you :

- WHEN ?** The 4 one-day sessions of the course will be held over 4 consecutive weeks **during March and April 2012**, according to demand.
Dates will be decided and published early in 2012 based upon requirements of attendees and availability of suitable venues.
Early indication of interest in this course will enable dates to be arranged once an optimum number of students is reached.
- WHERE ?** The *Painting Nature in Pastel Pencil Course* will take place at the same venue on each of the 4 days. As for "dates" above, the venue(s) will be decided based upon demand, and will be published early in 2012.
Early indication of interest in this course will enable appropriately located venues to be selected.
- COST ?** The cost of the 4-day *Painting Nature in Pastel Pencil Course* is **£180**, less **10% discount**, for anyone who has previously attended either of the "TASTER" Workshops (only one "Taster" voucher will be accepted per course).
The cost includes all basic materials required for learning, experimentation and practice on days 1, 2 and 3. Additional materials can be purchased from the tutor, if needed, for the painting of your chosen subject on day 4.

And finally **HOW ?**

To indicate your interest in attending this comprehensive introduction to Pastel Pencil drawing and painting,
simply contact Anita Young
by any of these methods :
